As a cop, Rick Broca had seen enough human misery to last a lifetime. Which is why he's now living the good life -- playing consultant to a Hollywood producer. Taking care of his employer's boat in the Florida Keys, Rick figures he's finally got it made. That changes when he rescues a mysterious pilot from a downed seaplane, and is intercepted by a fishing boat that happens to be packing heavy artillery. Rick knows enough to shoot first and, if you're still alive, ask questions later -- and finds himself caught in a tropical maelstrom of international power and politics between the U.S. and Cuba. To reach safe waters, he'll have to navigate a violent course of intrigue and betrayal between his code of honor and his well-worn sense of self-preservation....
